

Memphis Friends Meeting Minute on the Continued Violence in Israel and Palestine

Memphis Friends meeting mourns the human death and suffering caused by the continued violence in Israel and Palestine.

As Quakers, we are committed to nonviolence and we respect the universal sanctity and dignity of all people.

We urge our government to redouble efforts to:

- call for an immediate and permanent ceasefire
- demand the rapid release of all hostages
- ensure the provision of swift and adequate humanitarian aid, and
- support diplomatic negotiations to build a just and lasting peace.
