

## #LoveThyNeighbor (No Exceptions): Calling All Quakers to Action in 2017

Friends and the Friends Committee on National Legislation believe in the paramount need to protect and promote human rights, civil liberties and civil rights. We seek a society free from discrimination, whether due to race, creed, gender, ethnic or national heritage, age, sexual orientation, disability, medical condition, genetic background and gender identification or expression.

-The World We Seek; Statement of Legislative Policy

**The Friends Committee on National Legislation (FCNL) can help your meeting or church's advocacy take shape.**

Are you ready to let the power of your faith take form in the world?

Are you ready to write a letter, make a phone call, or visit your congressional leaders?

Can your meeting become more engaged in advancing justice in your community?

FCNL has the tools, resources, and programs to help.

In 2017, you can stand in the way of Islamophobia, racism, economic inequity, and violence. Join FCNL's fierce advocacy for justice. Help protect and uphold civil liberties, peaceful solutions to deadly conflict, and care for our Earth and all who live on it. **Your voice makes a difference.**

Questions?

Christine Ashley, Quaker Field Secretary  
cashley@fcnl.org, call 202-903-2505, fcnl.org

## March Today. Lobby Tomorrow!

Thank you for marching this weekend. Now will you take the next step?

**Right now, Congress needs to hear your support for the Affordable Care Act (Obamacare). Nearly 30 million people are at risk of losing their health coverage. Repealing it without a replacement in place would be disastrous.**

The Affordable Care Act ensures that no one has to face bankruptcy to get life-saving medical treatment. It guarantees that people with serious or chronic health conditions can get coverage.

Already, your phone calls have slowed down congressional efforts to repeal Obamacare. **We need to keep the phone calls coming. They are making a difference.** Please call today, and keep calling over the coming month.

Find the phone number for your members of Congress: [fcnl.org/congress](http://fcnl.org/congress)

Sample script:

My name is [NAME] and I am a constituent from [CITY/TOWN].

I urge the senator/representative to oppose repeal of the Affordable Care Act without a replacement plan in the same bill.

As a person of faith, I believe that we cannot leave as many as 30 million people without health insurance.

Thank you.

**Find out what Quakers can do in 2017:**
